ABOUT

Swabir Shariff served as a Director of Security in Scarborough (2019–2022), leading 24/7 security operations for a major retail centre — a role he held while founding The Good Guides in 2020 in Scarborough, Toronto. The Good Guides is a grassroots non-profit incorporated in Ontario built on a simple conviction: young people follow mentors who come from their own community. The organisation runs mentorship, youth leadership, violence prevention, sports and co-op placement programs. Since 2020 it has mentored 10,000+ young people across Toronto, and he has helped direct over a million dollars in investment into The Good Guides and other Scarborough youth initiatives.
